PROJECTS

TO-DO List

05/2024 - 06/2024

The To-Do List is a React.js-based application designed for efficient task management. With a simple and responsive UI, it allows users to add, delete, and track tasks seamlessly.

Personal Portfolio

03/2025

The Personal Portfolio is a responsive website built using HTML, CSS, and JavaScript. It showcases projects, skills, and contact details through a clean and interactive design.

Stock Sentiment Analyzer

05/2025 - 06/2025

The Stock Sentiment Analyzer is a web app developed using Streamlit. It analyzes stock trends and sentiment data, offering interactive visualizations through a clean and user-friendly interface.
